Features & Benefits

HOW CAN LACTOGROW® AKTIF HELP YOUR CHILD ACHIEVE OPTIMUM GROWTH?

Give your little one the benefits of LACTOGROW® Aktif with high calcium, DHA, Vitamin D and protein.

Protein

Helps build and repair muscle, skin, and other body tissues.

Calcium

Helps in strong bones and teeth development that is important for your child's growth.

Vitamin D

Support absorption of calcium and phosphorus.

DHA

Found abundantly in the brain.

Vitamin B12

Helps the body produce red blood cells.

Iron

A hemoglobin component in red blood cells that transports oxygen throughout the body.

How and when to introduce

HOW CAN MY LITTLE ONE SWITCH TO LACTOGROW[®] AKTIF?

You can gradually transition your Little One over to LACTOGROW[®] Aktif 4-6 by following the chart below.

2 servings of LACTOGROW[®] Aktif a day helps your Little One to achieve their daily Recommended Nutrition Intake (RNI)**.

Ingredients

Nutrition	% of RNI
	LACTOGROW [®] Aktif
Calcium	73%
Vitamin D	39%
Protein	83%
Iron	63%

Sourcing

*Contains 58% more calcium compared to previous formulation, LACTOKID[®] GROWPLUS (450mg/100g). Adequate daily calcium intake as part of a balance diet, together with sufficient physical activities and sleep help to support growth.
